EMPEROR NOT TO GO DUNNE DETERMINED.

Himself and Court Remain Away From Winter Palace. He Submits Another Ordinance For Municipal Ownership.

PROTEST FROM POLES NAMES THREE PLANS

Delegation Calls Upon Witte Asking For Right to Have Own Government, but the Request Not Granted. First Calls For Purchase by Arbitration; Second, by Condemnation, and Third, Construction of Lines.

St. Petersburg, Nov. 14.—Emperor Nicholas and the Russian court will not come to St. Petersburg this week. A short time ago it was announced that the emperor was about to return to the winter palace, in the annex of which Count Witte has installed himself, but his majesty has now decided to go from Peteroff back to Tsarskoe Selo, where he has been living for almost two years, with the exception of the last month, spent at Peterhof. Except an occasional ceremony of blessing waters last January, when the emperor narrowly escaped death owing to the mysterious charge of grape being fired in the direction of the imperial party by a saluting battery, the emperor has not stepped inside the winter palace for over eighteen months.

His decision not to come to the capital is regarded as unfortunate, not only for its moral effect, but because it keeps him surrounded by court influences and out of close and immediate touch with Count Witte, who at the present time should have daily, almost hourly, conferences with the emperor. The members of his majesty's staff encourage and strongly advise against the emperor being in St. Petersburg when the national assembly meets, as well as on account of the danger of popular disorders in the capital this winter, recalling to the emperor's mind not without effect the fatal results of Louis XVI, agreeing to leave Versailles and place himself at the mercy of the populace of Paris in 1789.

A Polish delegation is here working hard to secure the co-operation of Liberals, Social Democrats and workmen's organizations in another general political strike in aid of the Poles' battle for autonomy, but thus far, while they have met with much sympathy, no action has been taken for their assistance. Count Witte, whom the deputation saw, was extremely firm, declaring emphatically that the government would do nothing for Poland under compulsion, and that martial law could not be abolished until the separatist movement ceases. The premier declared the most the Poles could expect in addition to rights granted under reform manifesto was a separate general zemstvo for Poland and municipal self-government.

Declared Illegal.

St. Petersburg, Nov. 14.—The League of Leagues has adopted a resolution condemning the proclamation of martial law in Poland as an illegal measure directed against the Polish emancipation movement.

Want Eight-Hour Day.

St. Petersburg, Nov. 14.—Social Democrats will endeavor to secure the eight hour day in factories here.

LAID TO REST.

Body of Sir George Williams Buried Beneath St. Paul's Dome.

London, Nov. 14.—The body of the founder and president of the Young Men's Christian Association, Sir George Williams, who departed this life Nov. 6, was buried beneath the dome of St. Paul's cathedral in the presence of an immense throng today.

About 100 clergymen of various denominations, nearly 1000 delegates from British and foreign branches of the Young Men's Christian Association and other organizations with which the illustrious dead was connected, also the lord mayor and sheriffs in robes of state were present. The general public filled the rest of the cathedral to its full capacity.

The funeral procession through the streets was a large one. Two hundred and thirty carriages followed the hearse. Sympathetic cable dispatches were received from Prince Oscar Bernadotte, James Stokes of New York and a host of others in other parts of the world.

TO AID-TYPOS.

One Cent Per Capita Assessment Levied For Four Weeks.

Pittsburg, Nov. 14.—The American Federation of Labor listened Tuesday morning to the reading of the report of the executive council. It gave in detail many points covered in the reports of President Gompers and Secretary Morrison.

An assessment of 1 cent per member a week for four weeks was levied on the entire membership of the federation for the benefit of the International Typographical union in its efforts to establish an eight-hour day in job printing establishments of the United States and Canada.

No Reply Up to Noon Tuesday.

Shreveport, Nov. 14.—No reply has been received from Mobile relative to selling the Southern League baseball franchise of Shreveport and team to that city for \$13,500.

Chicago, Nov. 14.—Another ordinance providing for steps to secure municipal ownership of the street railways in Chicago was submitted to the city council Monday night by Mayor Dunne. The ordinance was accompanied by a message to the aldermen which gave three days, in which Mayor Dunne asserts he will be able to bring about municipal ownership. The first plan is by reaching an agreement with the traction companies by which their properties would be transferred to the city at a price to be decided upon by an arbitrator. The second is by condemnation of the property of the street railway companies under the provisions of the Mueller act. The third method is the one which Mayor Dunne has already presented as an alternative to his contract plan. It is for the construction of municipal street railway lines which will parallel the lines of the existing companies. The ordinance which accompanied the message from the mayor asked that authority be given to place on the ballots at the spring election the question whether the city shall issue the Mueller bill certificates to the amount of \$75,000,000.

This sum, it is declared by the mayor, is needed for the reconstruction of the lines and for the purchase of the unexpired franchise rights of the existing companies. The message and the ordinance were referred to the committee on local transportation, the same fate as that which met the other proposition submitted to the council by the mayor in regard to the municipalization of the Chicago street railways. Another ordinance submitted by the mayor was for the regulation of gas and electric light rates. This ordinance which provides for cheaper gas was referred to the committee on gas, oil and electric lights.

DOCTOR JAILED.

Charged With Having Performed Operation on a Girl.

Norfolk, Va., Nov. 14.—Dr. L. R. Chiles, aged sixty-eight years, one of Norfolk's most prominent physicians, was committed to jail without bond upon the charge of having performed an operation, from the effects of which Miss Sarah Atkinson, aged twenty-four years, is now reported to be dying in the Norfolk Protestant hospital. James T. Franklin, aged twenty-five years, formerly from Bedford county, Virginia, and a car inspector in the employ of the Norfolk and Western railroad, arrested on a charge of aiding and abetting in the alleged crime, was bailed in the sum of \$1500 for his appearance in court ten days hence. Miss Atkinson, in an ante-mortem statement, first refused to divulge the name of Franklin, but in the end accused the latter and declared that it was at the residence of Dr. Chiles that the operation was performed. Dr. Chiles declined to make a statement. He is in a highly nervous condition and fears are felt for him on account of an affection of the heart. Franklin denies his guilt, but admits visits to Miss Atkinson for two years.

NATHAN DISCHARGED.

Grand Jury Failed to Find an Indictment Against Him.

Boston, Nov. 14.—Morris Nathan who was arrested two weeks ago in Pittsburg in connection with the death in this city of Susanna Geary, the Cambridge chorus girl, was given his freedom in the municipal court. The reason for this action was that the grand jury, which has considered all the phases growing out of the Geary girl's death, and which indicted four persons, failed to find any indictment against him. Nathan was subpoenaed to appear at the trial of the persons who have been indicted as one of the important witnesses. The general charge of abortion against Dr. Percy D. McLeod was quashed in the district court, since the grand jury already disposed of the case by reaching an indictment charging accessory before and after the fact in the death of Miss Geary.

SAVED BY POLICE.

White Man Accused of Assaulting Negro Girl Has Close Call.

Atlanta, Nov. 14.—Suspected of having committed criminal assault on a five year old negro girl, R. Z. Justice, a white farmer residing near Decatur, narrowly escaped lynching here at the hands of a mob of more than 1000 frenzied negroes. Justice was rescued by the police. He protested his innocence when taken to the police station. The police and many negroes who were in the vicinity of the scene of the alleged crime have declared their belief in the innocence of Justice and declare that an innocent man came near meeting his death.

CAPT. JADWIN'S PARTY.

Visited the Brazos River Thursday and Made Inspection.

Capt. Jadwin and party, consisting of Congressman Henry, Mayor Jas. B. Baker of Waco and others, were in Navasota Thursday and went out to the Brazos river to make investigations. Returning, it is learned that the gentlemen stated they were highly pleased with the outlook for an early consummation of the plans heretofore outlined. Capt. Jadwin is said to have stated that of the thirty-six rivers he has had experience with the Brazos stands third on the list from a point of accessibility. In other words, it is thought to be a very easy matter to institute the system of locks and dams, and in his reports to the government Capt. Jadwin will advise the construction of the first dam at some point between the Falls and Old Washington. The Captain is certain that ten feet of water can be maintained at the Falls, which will be ample for all purposes. Locks and dams are placed at 35 miles, usually, and such will be the distance between them in this instance. It is thought the work will begin at no very distant day. —Navasota Examiner.

A. AND M. FACULTY RESOLUTIONS.

Resolutions adopted by the faculty of the Agricultural and Mechanical College of Texas, Nov. 7, 1905:

God in His wisdom having removed from us our friend and colleague, the Rev. Dr. T. C. Bittle.

Resolved, That we deeply lament the loss sustained by us and by this college in the death of one who for fifteen years ably served this institution.

Resolved, That his services to this community both as professor and as chaplain brought a wide recognition of his great natural ability; his ripe scholarship; his conservative instincts, qualified by an open mind ready to receive new truths; his unvarying devotion to duty; his profound belief in the essentials of Christianity; his generous tolerance for the views of others; his large interest in all that concerns humanity; his delight in every movement of civilization, and his illuminating humor.

Resolved, That his long and sustained labors as chaplain produced

a lasting impression upon great numbers of young men, and others who regularly attended the services, and that his influence for good can never be measured.

Resolved, That the beauty of his character and the modest and retiring nature of the man endeared him to all who knew him; and that we look with gratification and pride upon his connection with this college and his association with this community.

Resolved, That we sincerely sympathize with the members of the bereaved family.

Resolved, That a page in our minutes be dedicated to his memory, and that copies of these resolutions be communicated to his family, to the Battalion and to the daily press.

NEGRO COUNTY CONVENTION.

Adopts Resolutions Against Idleness, Immorality, Vice and Crime.

Pursuant to a call issued by Dennis Ballard and others, a mass convention of negro citizens of Brazos county assembled in the court house in Bryan at 3:30 Monday afternoon for the purpose of electing delegates to the Negro State Convention and the Negro Law and Order League, which are to convene in Houston on the 16th inst.

The meeting was called to order by R. B. Goosby, who stated the object of the meeting and declared the assembly ready for business.

On motion, Dennis Ballard was elected chairman, and Jno. S. Foster, secretary.

E. W. Knox, B. E. Bowen, Ben Blevins, R. B. Goosby, Jim Risby and others made brief addresses on the question of law and order, and for the general improvement of the race.

Committees on Delegation and on Resolutions were appointed. The delegates elected are as follows: E. W. Knox, R. B. Goosby, Ben Blevins, Jack Johnson, Tom Hudson, Jim Risby, D. B. Ballard, P. Landry, Major Robinson, M. V. Burgess, Perry Warford, Jesse King, Felix Phillips, Louis Johnson and J. S. Foster.

The committee on resolutions reported as follows:

We, your committee, beg leave to submit the following resolutions:

Resolved, That ignorance, poverty and vice are the elements opposing the progress of the negro race.

That there is no excuse for the horde of negro children who are not in school and who infest the streets day in and day out. They should go to school regardless of their circumstances.

That our boys and girls should be taught to work instead of to be worked. One leads to civilization, the other to degradation.

That vice, shiftlessness, laziness and viciousness are concomitant evils and should be suppressed.

That every negro who has no visible means of support must be told that it is to his interest and the interest of the race for him to "get busy" and do "something" which will add to the wealth of the community in which he lives.

That loafing and standing around the streets making the air lurid with profanity, disregarding the passing of women and children, are wrong,

and those who indulge in this pastime should desist, and find a job.

That all vagrants should be "run in" and put to work thereby reducing to a minimum the chances of the vicious to foment strife and trouble.

That every criminal of a race does that race much harm, and we pledge ourselves to give information leading to the arrest and conviction of any law breaker.

That we go on record as denouncing the crime of rape, and will loyally defend the home and the fireside from the lust and rapacity of the fiend in human form who would desecrate its sanctity.

That woman is the thermometer of a community, and that the men of any race or community will rise or fall with her, therefore the negro woman must be a dutiful wife, a loving mother and a virtuous daughter. The home should be made attractive; she should plan and provide for her husband and children. This will be doing a great work in solving the race problem that has puzzled statesmen and educators for years.

That negro men should show the proper respect to their women; but the women should be chaste and dignified in bearing at all times.

That we appeal to negroes to live on terms of friendship with the white people. Let us remember that our white neighbors are our friends and are inclined to deal fairly with us.

That talking, orating and resolving settles nothing, and we advise negroes to own homes; educate their children into habits of thrift and industry; to be law abiding, honest and industrious, and to have a word and stick to it.

The officers of the law are imbued with kindness and a sense of justice and mercy, and will not see the law abiding negro injured in either his person or property, but the criminal class, like those of all other races ought to find his path a hard road to travel.

We commend the officers for their patience and forbearance in dealing with our people, and we assure them that we are in full accord and sympathy with them in their efforts to suppress the criminal.

Signed, M. V. Burgess, Chm.; B. E. Bowen Sr., Felix Phillips, Perry Warford, P. Landry, Secy.

These resolutions were received and adopted and the meeting adjourned. J. S. F.

Bob Barker is at Houston, running the No-su-oh races this week. Barker says they have a good string of horses, and will have a week of fine sport. His face occupied central position in the Post's half-page pictorial illustration, presenting the group of "men who make the races."

SUICIDES IN PAWNSHOP.

Man Requests Trial of Pistol and Blows His Brains Out.

Austin, Nov. 14.—Fred Blittersdorf, thirty-five years old, went into a pawnshop on Congress avenue and asked to see a 45 Colt's pistol, saying he desired to see if it would suit him. The weapon was loaded. Blittersdorf walked to the rear of the establishment, placed the weapon back of his right ear, pulled trigger and blew his brains out.

In answering a certified question from the First court of civil appeals at Galveston the supreme court held that nowhere in the statutes of Texas is there a provision that votes in an election shall be void or shall not be counted because of departure from rules laid down in making nominations.

The governor received a letter from Governor Pennypacker of Pennsylvania requesting him to appoint delegates to a divorce congress, which will be held at Washington, D. C., Feb. 19. The purpose is to draft new divorce laws. The governor will comply.

Permit Granted.

Austin, Nov. 14.—The Braun & Ferguson company of Bisbee, Ariz., with a capital stock of \$500,000 has been granted a permit to do a general mercantile business in Texas.

CASE CONTINUED.

Barrett Will Not Be Tried At This Term of Court.

Crockett, Tex., Nov. 14.—The case of W. S. Barrett, who is charged with criminal assault and incest, his step-daughter, Cora Wright, being the victim was continued for the term.

This case was transferred to the district court convened at this place from Nacogdoches county, where the offense is alleged to have been committed. It will be remembered that a prominent citizen of Angelina county now stands charged by indictment with criminal assault on the person of the same girl, Cora Wright, which case is now pending in the district court of Nacogdoches county. The girl is fourteen years of age and all the parties concerned are white.

DEAD ON STEPS.

Body of a Merchant Found in Front of His Establishment.

Tyler, Tex., Nov. 14.—J. W. Mink, a merchant of White House, was found dead on the steps of his store Sunday night.

Deceased had been as well as usual during the day, ate a hearty dinner, and late in the evening went to his store for some purpose. The door was found unlocked and a key in the hand of the dead man, presumably he having fallen dead as he was coming out of the store.

LEGS CUT OFF.

Frightful Accident That Happened to a Boy Near Bryan.

Bryan, Tex., Nov. 14.—Joe Uhrick, twelve-year-old son of Mr. and Mrs. Tom Uhrick, a Bohemian family living near Fountain, west of Bryan, on the International and Great Northern railroad, was the victim of a fatal accident.

It is stated that Uhrick boy and others were playing on the track when a freight train came along and the boys began jumping upon and off the train and the lad fell between the cars and both legs were cut off at the thigh.

Took a Drive.

Fort Worth, Nov. 14.—Governor Hogg was out for a drive Monday afternoon with his daughter, Miss Ima. This was the first day that he has been out of the hotel since he reached here en route to Mineral Wells.

Six Prisoners Escape.

Texarkana, Nov. 14.—Six prisoners confined in the county jail on the Texas side, all white men, made their escape by breaking the lock on the door. They were all charged with minor offenses.

NO JURISDICTION.

Supreme Court Dismisses Case Involving Louisiana Land.

Washington, Nov. 14.—The supreme court of the United States dismissed for want of jurisdiction the case of the Cackran Oil and Development company vs. Laurent Arnaud, Arthur Latrelle, Eugene Hussiere et al. The company brought suit to acquire title to 500 acres of land in the parish of Arcadia, Louisiana. The oil company claimed title through a land grant made to Anthony Cackran before Louisiana became American territory and contended that the other parties to the suit were in unlawful possession. The state supreme court decided the case against the contention of the company and the action of the supreme court of the United States has the effect of sustaining that decision.

Another Yellow Fever Case.

Pensacola, Nov. 14.—Another case of yellow fever appeared here Monday, the patient being a small boy. This is the first case to occur in five days and there is now no danger as frost occurred both Sunday and Monday mornings.

Three Under Treatment.

Havana, Nov. 14.—The commission of experts has declared that the Spanish woman who was isolated is suffering from yellow fever. Another suspicious case has been reported. There are now three cases under treatment.

Favorable to Prince.

Christiana, Nov. 14.—The returns of the plebiscite taken in eighty-one districts show 29,443 in favor of Prince Charles of Denmark for king of Norway, and 6,806 against him.

Col. M. L. Robbins of Houston,
 general passenger and ticket agent
 of the H. & T. C., accompanied by
 Superintendent Hawkes, passed
 through the city yesterday en route
 to Denison to meet the new motor
 car, designed for service between
 Houston and Galveston, and the two
 gentlemen will make the trip over
 the road from Denison to Houston
 in the car, passing Bryan some time
 today. They notified Agent W. S.
 Wilson they would wire him
 what time to expect the car
 here, and would be glad to have
 the people see it. These new motor
 cars, which run on the railroads,
 are designed to compete with interurban
 electric lines, furnishing the same
 accommodations.

For the special train passing Bryan
 at noon yesterday the H. & T. C.
 sold 253 tickets to the Houston car-
 nival. Any time Houston rings the
 bell and Bryan don't start in the ex-
 cursion race from 100 to 500 strong
 there is something radically wrong
 with the finances of the country.

WHY?

The reason One Minute Cough Cure relieves a cough in one minute, is because it acts first on the mucous membrane right where the cough troubles—in the throat or deep-seated on the lungs, destroying the microbes or cough germs and clearing the phlegm.

One Minute Cough Cure not only destroys the disease germs, and clears out their poison, but it gives strength and elasticity to the delicate membranes which protect the throat and lungs. Opens the air passages and promotes unobstructed breathing. Causes the blood to receive its natural supply of oxygen, thus exhilarating the pulmonary organs with such strength and vigor that the lungs and bronchial tubes become bulwarks against the invasion of disease. Asthma, Bronchitis, La Grippe, Croup, Croup and all Pulmonary Complaints that are curable are quickly cured by the use of

HYDE HEARD.

Testifies About Mysterious Loan of Mercantile Trust Company.

New York, Nov. 14.—James H. Hyde, testifying before the insurance investigation committee, said the objects of the mysterious \$685,000 loan by the Mercantile Trust company to the Equitable Life Assurance society were to buy off inconvenient suits, to buy up stock of the Equitable as it came into the market, and make political contributions. Mr. Hyde said the only political contribution which he knew of was

JAMES HAZEN HYDE.

\$25,000 to Cornelius N. Bliss, treasurer of the Republican national committee, in the last presidential campaign. This contribution was solicited by H. C. Frick, said Mr. Hyde.

Tuesday morning was taken up in the examination of Hyde. He gave the history of his connection with the Equitable society. He told how his salary advanced until it reached \$100,000 a year. The advance was not solicited by himself. He caused a laugh by saying that he did not think he could get it anywhere else.

LUCKY ROBINSON.

Loses a Valuable Diamond Stud, but Recovers the Gem.

New York, Nov. 14.—Miss Alice Roosevelt, her uncle, Douglass Robinson, Mr. and Mrs. Cornelius Vanderbilt and Nicholas Longworth went to the Majestic theater Monday night in a rented automobile theater coach. On entering the box Mr. Robinson discovered the loss of a stud, valued at \$1000. A search was made of the aisle and lobby without success and Mr. Robinson then telephoned to the cab company to have the coach sent back to the theater, without giving the real reason for his order. When the cab arrived, he entered and found his stud on the floor.

FREIGHT RATE PROTEST.

Five Labor Unions Contend Their Wages Will Be Reduced.

Washington, Nov. 14.—An earnest protest has been made to the president against the proposed railroad freight rate legislation. The protest was filed by representatives of five great labor organizations connected with railroads, the engineers, firemen, conductors, switchmen and trainmen. Members of the delegation which called on the president represented several organizations. They pointed out to him that the railroad rate legislation logically meant lowering of rates. This, they contend, would be followed by lessening of earning power of railroads, consequently by reduction eventually of wages of all railroad employees.

AFTER LAWSON.

Charge of Criminal Libel Preferred by Charles W. Barron.

Boston, Nov. 14.—Counsel representing Charles W. Barron stated that after a private hearing Judge Wentworth of the municipal court had decided to issue a warrant for the arrest of Thomas W. Lawson, on a charge of criminal libel, preferred by Mr. Barron. The case results from statements alleged to have been made in a magazine article by Lawson, and the question of the issuance of the warrant has been the subject of hearings covering a period of several weeks.

MOTHER PLEASED.

Mrs. McClellan Says the Mayor Was Always a Dutiful Son.

New York, Nov. 14.—Mrs. George B. McClellan, mother of Mayor McClellan, arrived here on the Red Star liner Zealand from Antwerp. She was greatly pleased when reference was made to the mayor's re-election.

"I am delighted to know my son has been elected for the second term," said Mrs. McClellan. "He has always been a dutiful son and must needs be a good, righteous executive."

TABOR SAID NAY.

In Consequence Excursion Train Did Not Go to Beaumont.

Shreveport, Nov. 14.—The excursion projected by the Kansas City Southern railway from Mansfield, La., to Beaumont did not take place, as Dr. Tabor refused to permit its entrance into Texas. Dr. Tabor based his refusal on the fact that the route was through Derrider, Bon Ami and Ludington, towns against which Texas continues to enforce quarantine.

LEVEL OR LOCK.

This Question Anent Panama Canal Must Be Soon Settled.

Washington, Nov. 14.—The question of whether the Panama canal will be sea level or a lock canal will have to be decided within a few days. All members of the board consulting engineers have returned to Washington and expect to meet every day this week, until a final conclusion shall have been reached. Such secrecy has been observed during the meetings, that it is yet impossible to make a definite statement as to the result. After it has been decided which type of canal to adopt, a short report will be made, indicating briefly its nature, but not going into any details. By that time the leave of absence of most foreign delegates to the board will have expired and they will leave for their respective countries during the last days of this month.

TRANSFER ETHICS.

New Point Raised at Chicago by a University Student.

Chicago, Nov. 14.—A new point in transfer ethics was raised when Robert Morris, a divinity student in the Chicago university, was arraigned before Justice Callahan on a charge of offering on a Cottage Grove Avenue car a transfer which he had found in the street.

Morris was arrested by one of the detectives of the City Railway company, who saw him attempt to use the transfer. He admitted that he had found the transfer in the street and that he knew it was illegal to use it, but he said he could not see the justice of the law.

He contended that every nickel spent by the patrons of the street car company purchased the maximum ride on the company's lines, and that if the original purchaser did not care to use all of that ride it could be no moral offense for another person to use what some one else had wilfully thrown away.

Justice Callahan held that to ride on a transfer that had been found in the street was no less than robbery, as the company was deprived of a nickel that otherwise would have been spent.

"Then you might as well say that I rob the storekeepers when I give away an overcoat which is only half worn out, because I save the recipient of the coat the necessity of buying a new one," rejoined Morris.

The student finally agreed to meet the justice again and thrash out the question thoroughly.

"He had me going some," was Justice Callahan's comment after Morris had left the room.

Arm Shot Off.

Norman, Okla., Nov. 14.—F. A. Autry accidentally discharged his gun while hunting, shooting his left arm so badly that amputation was necessary.

Charter Granted.

Tulsa, I. T., Nov. 14.—A belt which broke in the Read mill nearly whipped three men to death before the machinery was stopped.

Operation Fatal.

Shawnee, Okla., Nov. 14.—J. W. E. Hwart, a well known railroad man of this city, died at Oklahoma City from an appendicitis operation.

"SQUARE DEAL."

These Words Are Being Vigorously Worked by Many Individuals.

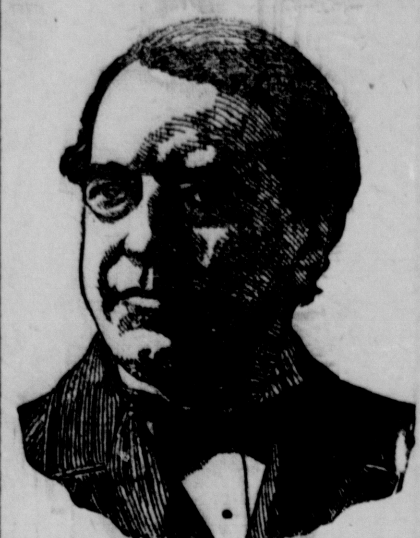

Washington, Nov. 14.—The words of the president, "a square deal," are being worked vigorously by many persons who have old claims or requests upon the government. Many cases which are known in department as "old slugs," because of the many times they have been considered and rejected, again have been presented with the demand for a "square deal." An officer of the army, to whom all such cases in the war department are referred for a report, says all these claims are for reinstatement in the service or for advanced retired rank or claims for property taken, all of which heretofore have been passed upon and decided adversely to claimants. The letters now say what they ask is "a square deal," and many of the claimants are requesting to be presented to the president.

REPORTS READ.

Afternoon Session Is Principally Devoted to Hearing These.

Pittsburg, Nov. 14.—Immediately after roll call at the afternoon session Monday of the American Federation of Labor, President Gompers and Secretary Morrison submitted their reports. Treasurer Lennon's report was also submitted.

Speaking of the printers' demand for eight-hours, Mr. Gompers' report says the International Typographical union sought in every honorable way to avoid a conflict with the Typothetae, but was forced to do so by the autocratic attitude of the latter organization. He

SAMUEL GOMPERS.

declared the American Federation of Labor from its inception has ever been in favor of the eight-hour day. "In 1884 we called upon and urged all labor to endeavor to establish the eight-hour workday, if possible, by agreement with the employers. We have been helpful to many crafts in establishing the eight-hour day; the hours of toil for all have been reduced."

Secretary Morrison's report summarized, shows: Income, \$308,435.56; expenses, \$196,170.10; balance on hand in treasury, \$12,265.46; in hands of secretary, \$2000; total funds Oct. 1, 1905, \$114,265.46.

Mr. Lennon says that during the fifteen years has been treasurer the amount handled has been \$1,470,195.83.

LONG JOURNEY.

Sixth Battery on Its Trip From Fort Riley to Fort Sam Houston.

Junction City, Kan., Nov. 14.—The Sixth battery of field artillery, which has been stationed at Fort Riley since the Spanish-American war ended, started Monday on a 1000 mile march to Fort Sam Houston, Tex. The battery carries a new equipment of rapid fire field guns and a long line of transportation wagons. The battery is commanded by Captain George W. Gatchell. On its march the battery will go through Wichita, Kan., Oklahoma City, Pauls Valley, I. T., and Gainesville, Tex., Fort Worth, Waco and Austin, Tex. It will, it is said, be the longest march ever made by an artillery organization in the United States.

CLAIMED BY RUHLIN.

He Has Taken Steps to Be Successor of Jeffries.

New York, Nov. 14.—Gus Ruhlin has taken steps to claim the world's heavy-weight championship, from which James J. Jeffries voluntarily retired. Ruhlin announced that he had posted a \$500 forfeit with Al Smith to box any man who desires to take up his challenge, and that if at the end of six weeks this offer remains unaccepted he will claim the heavy-weight title.

JAPANESE LOAN.

It Is Understood France Will Figure to a Considerable Extent.

London, Nov. 14.—The Associated Press is informed that the Japanese government has decided to immediately issue a new foreign loan of \$250,000,000 at 4 per cent, which will be used partly for converting the external 6 per cent loan and partly for the redemption of the internal loans. It is understood that France will participate to a considerable amount, the Rothschild's Paris house being the issuing house there. The exact date of the issue has not yet been decided upon.

Hegeman on Rebates.

New York, Nov. 14.—John R. Hegeman, president of the Metropolitan Life Insurance company, was on the witness stand again before the insurance investigating committee. He presented a statement of rebates paid to Hegeman on interest on loans on his personal account.

Hamilton Must Return.

New York, Nov. 14.—Armstrong committee peremptorily ordered President McCall of the New York Life Insurance company to see to it that Andrew Hamilton, the lawyer who has charge of the company's legislative matters, return at once from Europe.
